### Features

NEXUS NLSS Aluminum Landscape Edging offering professional grade quality landscape finishing. Favored by landscape professionals for its sleek appearance, durability, easy installation and lifetime warranty, this edging is ideal for both curves and straight runs. Use it to create a tidy edge on garden beds, tree rings, and walkways, as well as brick or stone patios. Prevents weeds from infiltrating beds, and keeps mulch and gravel contained.

### Material

- Aluminium Alloy 6063, T6.
